**PREA 115.21: Focus on
Collaborations
Webinar**

November 21, 2019
2:00 – 3:30 PM ET

Welcome and Introductions

Michelle Duhart

Senior Project Manager

The National Prison Rape Elimination
Act Resource Center (PRC)

The National PREA Resource Center

The mission of the PRC is to assist adult prisons and jails, juvenile facilities, lockups, community corrections and tribal facilities in their efforts to eliminate sexual abuse by increasing their capacity for prevention, detection, monitoring, responses to incidents and services to victims and their families.

The International Association of Forensic Nurses

- IAFN supports the work of forensic nurses who provide specialized healthcare for patients impacted by violence and trauma.
- Victims of violence can have acute, short- and long-term health consequences.
- Forensic nurses have the knowledge and expertise to improve patient outcomes and lower healthcare costs.

Logistics

Technical Support

Please contact the ZoomPro Webinar support line at **(888)-799-9666** – select “2” when prompted to get support with technical difficulties.

Additionally, when asked provide the Webinar ID **(761-786-021)** so they know which event is associated with your technical issues.

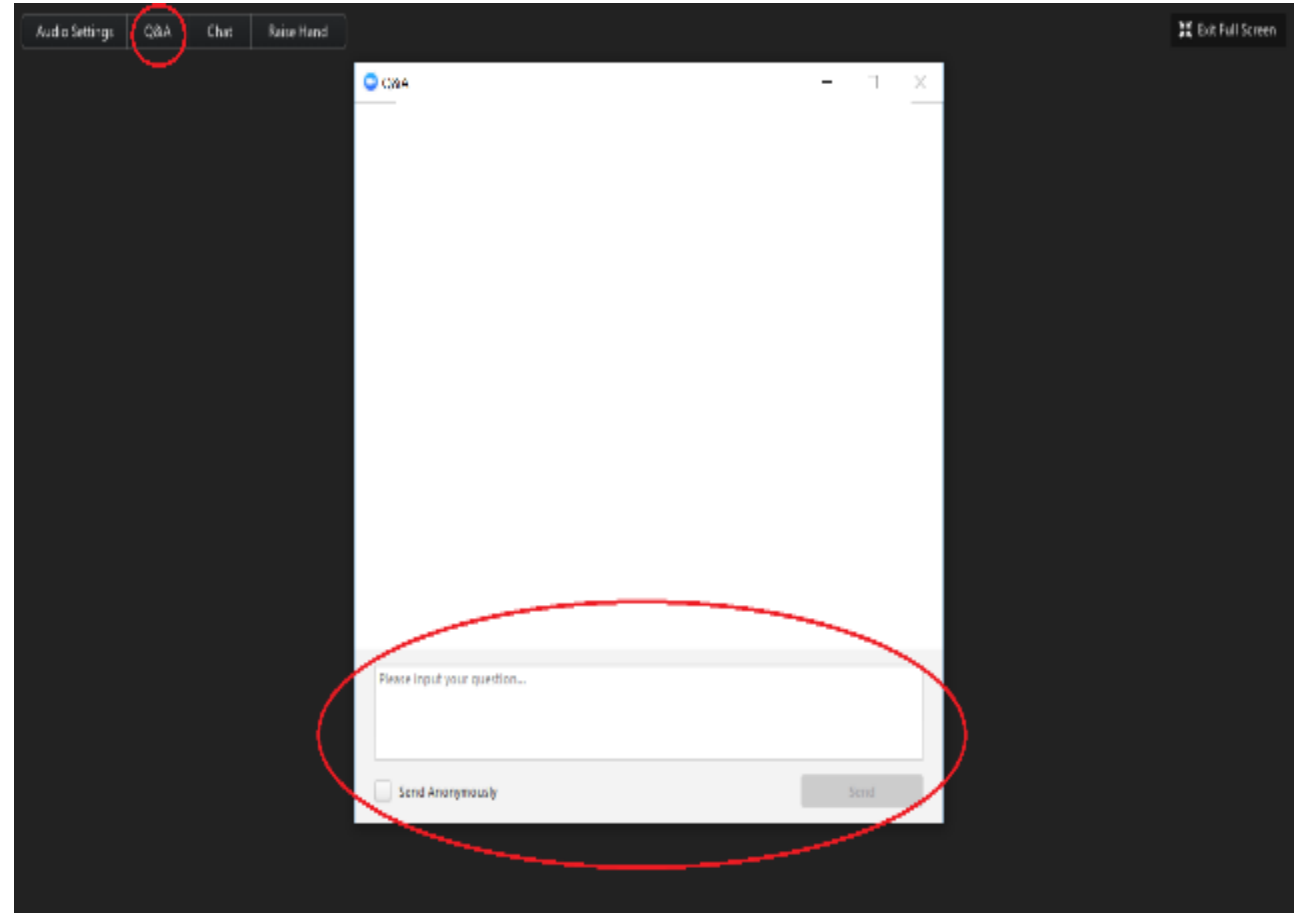

If you have trouble using this function, please contact Kendall LaVine at klavine@impactjustice.org

Logistics

Submitting Questions

To submit a question during the Webinar, use the Q&A feature at the top of your Webinar screen, as seen below.

Presenters will address the questions at the end of the presentation.

Objectives

- Provide a brief history of the Prison Rape Elimination Act
- Discuss the intent and purpose of PREA Standard 115.21
- Discuss victim services within the context of the PREA standards
- Identify which professionals provide medical forensic examinations and the location for examinations
- Discuss the role of the Sexual Assault Nurse Examiner
- Describe collaboration options to ensure exam and advocacy access
- Troubleshoot common collaboration challenges

Presenters

Monica
DiGiandomenico-Crews
Senior Program Specialist

The National Prison Rape Elimination
Act Resource Center

Presenters

Susan Chasson,
MSN, JD, SANE-A
Statewide SANE Program
Manager, Utah Coalition
Against Sexual Assault

President, International Association of
Forensic Nurses

Presenters

Kim Day, RN, SANE-A

Forensic Nursing Director

International Association of Forensic
Nurses

POLL QUESTIONS

Poll Question 1

Where do you work?

- Hospital Emergency Department
- Hospital based SANE Program
- Prison
- Jail
- Tribal detention center
- Community based SANE Program
- Mobile SANE program

Poll Question 2

Use the chat box to tell us:

What motivated you to join the webinar today?

Some Notes About Language

- 'Confinement settings,' and 'corrections facilities,' reference a broad range of corrections facilities
- 'Correctional staff' refer to a broad range of people who work in such settings
- 'Victim,' 'survivor,' and 'patient' refer to people who have been sexually abused or sexually harassed

Sexual Victimization in Correctional Facilities

- Correctional administrators reported 24,661 allegations of sexual victimization in prisons, jails, and other adult correctional facilities in 2015.
- An estimated 1,473 allegations were substantiated.
- More than half (58%) of substantiated incidents of sexual victimization in 2015 were perpetrated by inmates, while 42% were perpetrated by staff members.

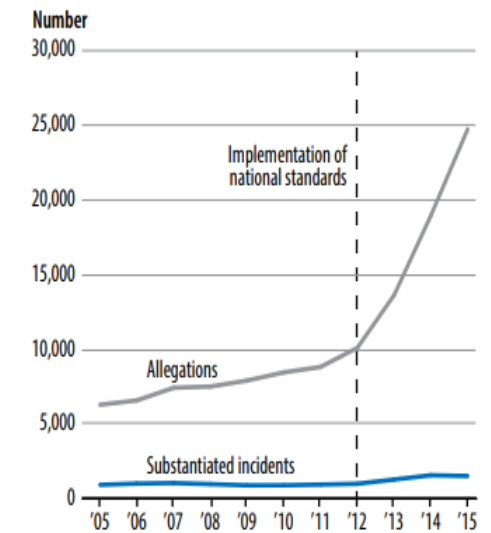

Correctional administrators reported 24,661 allegations of sexual victimization in prisons, jails, and other adult correctional facilities in 2015. Of these, an estimated 1,473 allegations were substantiated (determined to have occurred). More than half (58%) of substantiated incidents of sexual victimization in 2015 were perpetrated by inmates, while 42% were perpetrated by staff members.

Trends

The number of allegations in 2015 nearly tripled the 8,768 allegations in 2011, coinciding with the implementation of the National Standards to Prevent, Detect, and Respond to Prison Rape. Allegations of staff-on-inmate sexual victimization increased more than inmate-on-inmate victimization and accounted for 63% of the total increase.

Allegations of staff-on-inmate sexual misconduct increased 191% from 2,800 in 2011 to 8,151 in 2015. The number of allegations in prisons increased from

National estimates of allegations and substantiated incidents of sexual victimization in adult correctional facilities, 2005-15

Source: Bureau of Justice Statistics (2018), "Sexual Victimization in Correctional Facilities, 2011-2015"

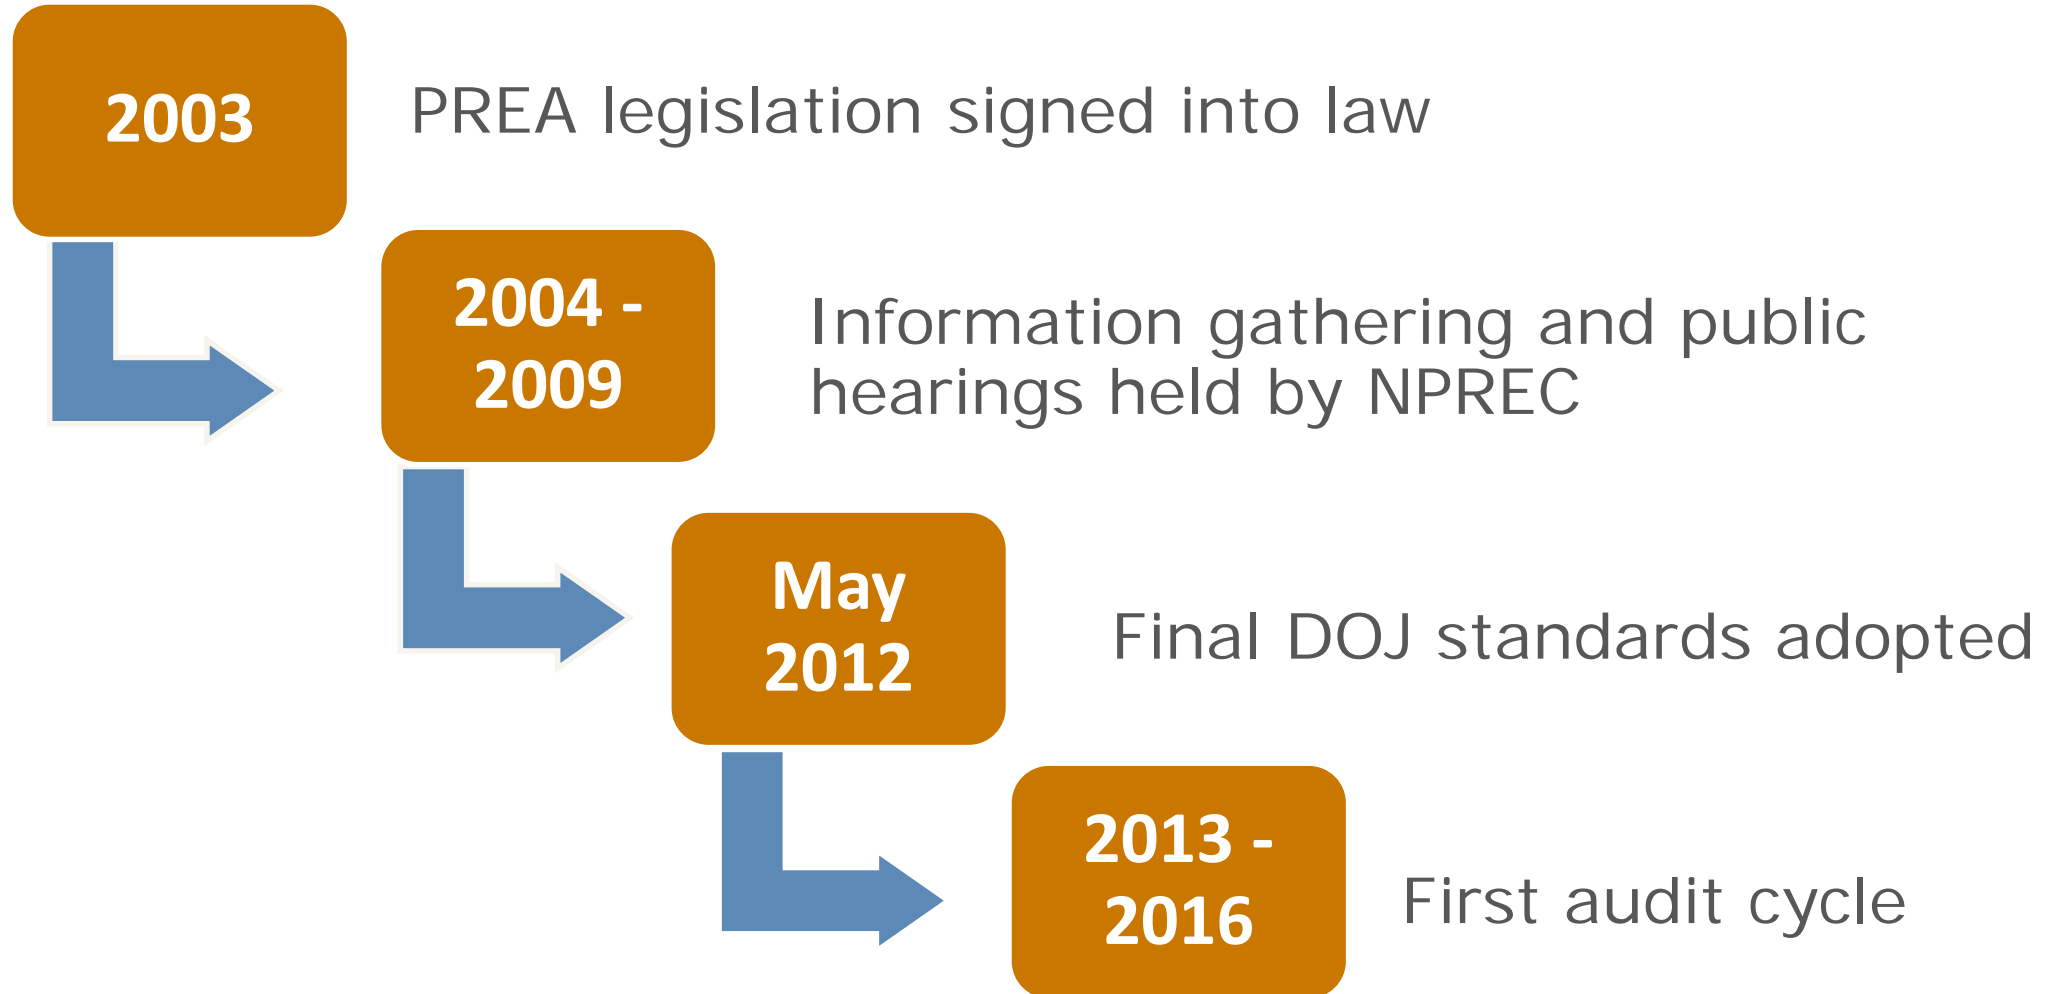

Prison Rape Elimination Act of 2003

Purpose: To prevent, detect, respond, deter, and monitor sexual abuse in confinement facilities.

Goal: Establish zero tolerance for prison rape in the U.S. and prioritize prevention of sexual abuse and sexual harassment in confinement.

Key PREA Milestones

Overview of the PREA Standards

§115.5 General Definitions

Confined Individuals are:

- Inmates in prisons and jails
- Detainees in lockups
- Residents of juvenile or community confinement facilities

Overview of the PREA Standards Continued

Standard 115.6 includes definitions related to sexual abuse

- ***Sexual abuse*** includes a range of non-consensual sexual behaviors of an inmate, detainee, or resident by another inmate, detainee, or resident or by a staff member, contractor, or volunteer

PREA Standards

- **Evidence protocol and forensic medical examinations**
 - ✓ **115.21/.121/.221/.321**

**The standards are numbered to help differentiate the correctional settings to which they apply*

Evidence Protocol and Forensic Medical Examinations (§115.21)

Purpose

- Agency follows uniform evidence protocol
- Protocol is developmentally appropriate for youth, where applicable
- Ensures that agencies are responding to sexual abuse of inmates
- Developing coordinated response
- Approach is victim-centered

Coordinated Response

Recognize that sexual abuse is a critical incident:

Requires a multidisciplinary team

- Staff first responders
- Medical and Mental Health practitioners
- Agency/Facility Investigators
- Law Enforcement Agency
- Facility leadership
- Community Advocate Partnerships
- Sexual Assault Rape Team (SART)
- Certified Medical Forensic Examiners

Applying the PREA Standards

Uniform Evidence Protocol

- To the extent the agency is responsible for investigating allegations of sexual abuse, the agency shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.
- Protocol should be based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication. "A National Protocol for Sexual Assault Medical Forensic Examinations, for Adults/Adolescents".
- If this national protocols is not used a similarly comprehensive and authoritative protocols developed after 2011 can be used.

Applying the PREA Standards

Implementation

- The agency **shall offer** all victims of sexual abuse access to forensic medical examinations, whether on-site or at an outside facility
- **Without** financial cost to the victim
- Examinations **shall** be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible

Evidence Protocol and Forensic Medical Examinations (§115.21)

Implementation

- Agencies **must offer** victims access to an advocate for support during the examination process **and** any investigatory interviews
- Facilities **shall attempt** to make available a victim advocate from a rape crisis center to provide confidential support services

Providing a Victim Advocate

- If a rape crisis center is not available to provide victim advocate services,
- The agency **shall** make available to provide these services with a qualified staff member from a community-based organization **or** a qualified agency staff member from the facility.

Who Is Qualified?

- A qualified agency staff member **or** a qualified community-based staff member **shall** be an individual who **has been screened for appropriateness** to serve in this role and **has received education** concerning sexual assault and forensic examination issues in general.
- The staff member must be trained on support, crisis intervention, information and referrals, interpretation or translation, and advocacy to ensure those victims' interests are represented, their wishes respected, and their rights upheld.

Core Components of 115.21

Documentation

- The agency **shall document** its efforts to provide forensic examinations.
- Agencies **shall document** efforts to secure services from rape crisis centers.

Examples of Documentation

- Documentations should demonstrate the agencies efforts to secure services from community-based advocates.
- Documentation related to access to forensic exams, which may include reviewing an agreement with a hospital that has a SAFE or SANE program or other documentation showing attempts to identify and engage a SAFE or SANE program.
- If no SAFE or SANE program exists in the area or if the facility has been unsuccessful in engaging the local program, an alternative plan should be devised by the facility to ensure access to forensic exams.

PREA Standards: Community Relationships & Partnerships

- Inmate/resident access to outside confidential support services
✓ 115.53/.253/.353
- Coordinated Response
✓ 115.65/.165/.265/.365
- Inmate/resident/detainee access to emergency medical services
✓ 115.82/.182/.282/.382
- Inmate/resident/ detainee ongoing medical and mental health care for sexual abuse victims and abusers
✓ 115.83/.283/.383

**The standards are numbered to help differentiate the correctional settings to which they apply*

§115.21 Compliance

The best way to ensure adherence to this standard is:

- ✓ Keeping up with national standards regarding the collection and timeframes for collecting various types of evidence is important;
- ✓ Developing a coordinated response and victim centered approach;
- ✓ Partnering with local service providers, and advocacy groups, who can help develop and tailor your sexual assault response to a correctional setting

- 32 ✓ Documentation of services (as well as attempts)

Collaborating Efforts

Foundations/Goals: Being Victim-Centered

Victims/Patients should have:

- Access to specialized services
- Their safety as a priority
- Patient privacy while maintaining security
- Advocacy post assault
- Trained examiners to provide the exam
- The option for the medical forensic exam
- Shackles/restraints only if necessary, for security
- Access to personal support
- Information and resources post sexual assault

Source: Recommendations for Administrators of Prisons, Jails and Community Confinement Facilities for Adapting the U.S. DOJ National SAFE Protocol, 2013

Foundations/Goals: Being Victim-Centered

Institutions should have:

- An **internal** mechanism for support and information for victims
- Policies and practices that address victim's concerns about reporting

§115.21- A Uniform Protocol

(a) To the extent the agency is responsible for investigating allegations of sexual abuse, the agency shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.

Follow a uniform evidence protocol

Maximize potential evidence

§115.21 - Following National Protocols

(b) The protocol shall be developmentally appropriate for youth where applicable, and, as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011.

Who should be doing the exam? §115.21(c)

- SANE: Sexual Assault Nurse Examiner
- SAFE: Sexual Assault Forensic Examiner

- **FNE:** Forensic Nurse Examiner
- **SAE:** Sexual Assault Examiner
- **SAMFE:** Sexual Assault Medical Forensic Examiner

What is a SANE?

A [Sexual Assault Nurse Examiner](#) is a registered nurse who completed additional education and training to provide comprehensive health care to survivors of sexual assault. In some communities, SANEs are called Forensic Nurse Examiners. Other categories of providers, such as physicians or physician assistants, may use the title Sexual Assault Forensic Examiner, Sexual Assault Examiner (Indian Health Services), or Sexual Assault Medical Forensic Examiner (military). For this Guide, the term SANE will encompass all similar providers.

SANE Program Development and Operation Guide

<https://www.ovcttac.gov/saneguide/introduction/what-is-a-sane/>

The Role of the SANE

- Health care **professionals** responsible for the care of the patient
- The **bridge** between the criminal justice system and the health care system
- We **advocate** for the patient's health care needs – physical and psychological

What Does the SANE/SAFE Provide?

- Informed consent and ongoing consent throughout the exam process
- Trauma-informed care
- Evidence-Based care
- Prevention medicines for STD, Pregnancy and HIV

INTERNATIONAL ASSOCIATION OF
Forensic Nurses

Leadership. Care. Expertise.

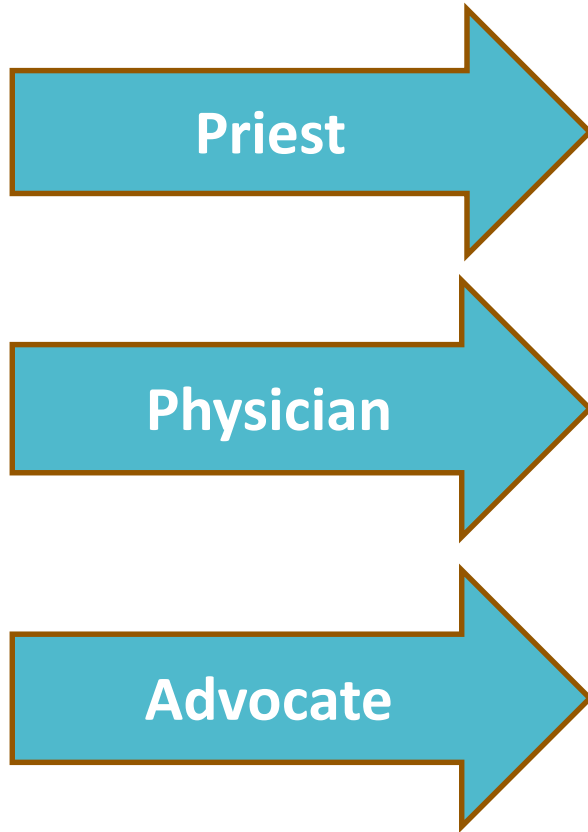

NATIONAL
PREA
RESOURCE
CENTER

The Role of the Advocate

- Provide patient support, intervention and related assistance during the exam process
- May be community-based rape crisis center OR in some cases may be system based
- If a rape crisis center is not available, a 'qualified staff person' from a community-based organization may be designated in this role

Confidentiality

“Privilege”

[This Photo](#) by Unknown Author is licensed under [CC BY-SA](#)

Collaboration

- Team members should be identified
- Roles of team members need to be delineated and understood by everyone
- Protocols should be developed with the input of all team members

Exam Access, Examiners, Advocates

**Who do you
collaborate with?**

Please respond via chat

Stumbling Blocks

[This Photo](#) by Unknown Author is licensed under [CC BY-NC-ND](#)

Overcoming Stumbling Blocks

- Provide sufficient orientation
- Create a process for handling conflict or challenges up front
- Review, Respond, and Revise
